Apex House, Blandford Road,
Norwood Green, Southall, Middx. UB2 4HD

List of Exhibitors

A & B COMPUTING — STAND NO. 22A
1, Golden Square, London W1R 3AB. Tel: 01-437-0626

A & B Computing provides comprehensive coverage of Acorn's BBC Micro Electron and peripheral equipment. Its writers pull no punches and have earned the respect of readers and industry alike.
Particular importance is given to the role of the BBC Micro in education. Guidance is offered on how best to introduce computer based resources into the curriculum. Hardware is thoroughly tested and likely software/ hardware combinations put on test.
Our own sought after software includes ICON drawing program. Adventure generator, global view series, utilities and fast, playable games.
From the broad scope of the Master 512 in business, through robots and buggies on a classroom floor, to arcade aces such as Citadel and Double Phantom. A & B can be guaranteed to carry full and colourful coverage.

ACORN COMPUTERS LTD. — STAND NO. 80
Cambridge Technopark, 645, Newmarket Road, Cambridge CB5 8PD.
Tel: 0223-214411

Acorn Computers were responsible for the design and development of the original BBC Microcomputer and have to date sold nearly one million microcomputers worldwide. Seventy five per cent of British schools, further education and agricultural colleges now use the BBC Microcomputer as well as a growing number of small businesses and dedicated users in many other areas, such as health and scientific establishments. In addition to manufacturing the BBC Microcomputer, Acornsoft produce a large range of educational and business software.
