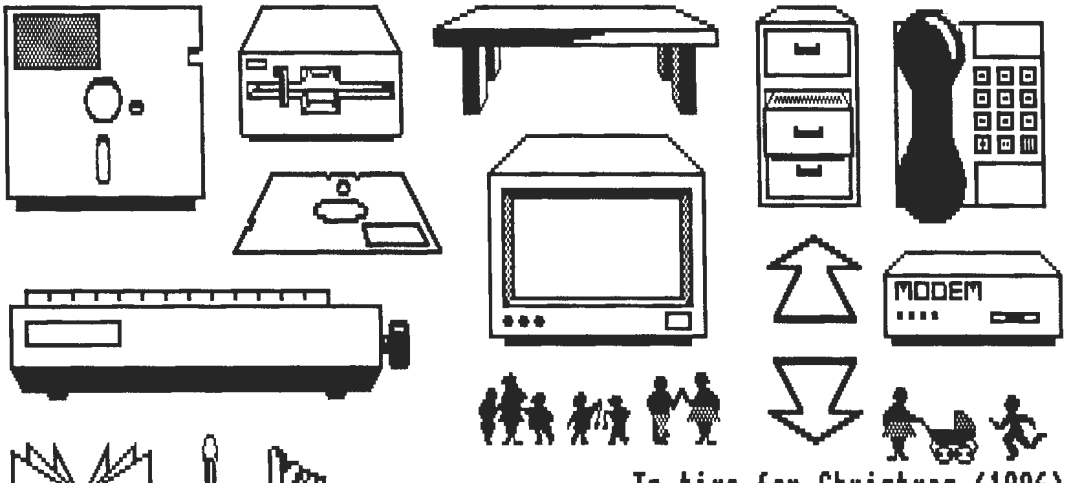
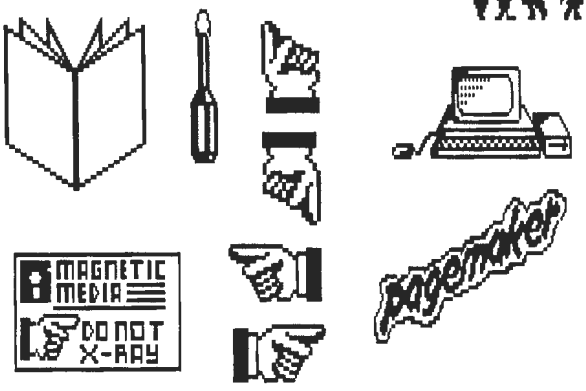
this is the new advent font

This is the new STREET font

This is the new Bradley font





In time for Christmas (1986) we will be launching a Utilities package for AMX Pagemaker users.
It will contain Clip-Art (like that shown here), new fonts (as shown above) and some usefull routines including the abibilty to go straight into the Processor by actually booting your Page disks!

Other routines will allow you to load AMX Super Art fonts into Pagemaker and Vica-Versa and Copy Pages from disk to disk.

COST £24.95 from Advanced Memory Systems Ltd
