Printer Bargains

JUKI 5510

Our most popular dot matrix printer giving full FX80 compatibility at reasonable cost with high speed and high specification: 180 cps draft, 30 cps NLQ, Friction and tractor feed as standard, 16K printer buffer easily fitted at low cost, colour upgrade also available. Comes with BBC parallel printer cable.

JUKI 6100

A very high quality, high performance daisywheel printer allowing 10, 12, 15 cpi and proportional spacing, all selectable from the front panel. Print speed is 18 cps.

Daisywheels are Qume compatible and easily available. Comes with BBC parallel printer cable.

EPSON LX80

A low cost printer giving 100 cps draft mode with 20 cps NLQ. Select-type facility allows print style to be selected by using buttons on the front panel. Friction feed is standard, but a tractor unit is available. Comes with BBC Parallel printer cable.

EPSON LX86

The new model from EPSON to replace the LX80. This gives a slight increase in speed to 120 cps draft and 22 cps NLQ. Supports downloadable graphics. Comes with BBC Parallel printer cable.

PANASONIC P1080

A good value for money package giving 100 cps draft and 20 cps NLQ print speeds. Friction and tractor feed as standard. Downloadable characters available. NLQ printing operates in all modes. The best bargain at the show! Comes with BBC parallel printer cable.

STAND 78

FONT DESIGNER

Our own disc-based menu driven program for use with the KAGA KP810 and the Canon PW1080A printers. This provides ten pre-defined NLQ fonts along with a full pixel editing facility allowing you to design your own fonts. Very easy to use. (This program requires the extra 6264LP-15 RAM chip to be fitted to the printer). Special low, low price just for the show.

MASTER DIARY

This simple to use revolving diary lets you keep a check on a year's appointments day-by-day. Each day's display shows up to eleven appointments, along with a section for permanent entries such as anniversaries and birthdays etc. Special low price for the show only.

TRIVIAL PURSUIT

This, the world's most popular board game, is now available for the BBC range of computers. *Limited number only... come and get your copy before we sell out !!*

Grand Software Sale!

Our complete range of software at reduced prices... so come and take advantage... just in time for Christmas!
Acornsoft • Clares • Computer Concepts • BEEBUG • Ex-demo equipment, and more...

MASTER ROM CARTRIDGES

Available at this show... all at low prices. Cased in a plastic moulding with two ROM sockets easily accessible, allowing you to use ROMs simply and cheaply with your Master.

MASTER RAM CARTRIDGES

These hold up to 32K RAM, used as two 16K banks, both of which can be write protected. Comes with all disc-based software required to load and save ROM dumps with verify and edit facilities.
