

# Tape to Disc ?

THEN YOU NEED

## Disc Executor

THE ONLY TRANSFER SYSTEM WHICH IS COMPATIBLE WITH THE

Disc Executor allows the transfer of virtually all BBC micro tape software to disc. Disc Executor will handle:-

**LOCKED** as well as normal programs

**FULL SIZE** programs (up to 26E blocks)

**MULTIPLE PART** programs

Your program is run from a menu with the program title up to 20 characters in length. Up to 10 programs can be saved onto each Disc Executor purchased with up to 9 parts per program. Disc Executor is extremely simple to use and requires no knowledge of the operating system or the DFS. Rather than moving programs in memory, Disc Executor provides its own DFS routines making it an extremely powerful utility program.

£ 12 40 OR 80 TRACKS

NB. Once the disc is full either programs must be deleted or a new disc purchased from us.
