

Never before have there been such money-saving offers for readers of a computer magazine!

# EXPAND your Electron

...for much, much less than the price you'd normally pay!

## How the Plus 1 helps you make the most of your Electron

With the Plus 1, you and your Electron enter a whole new computing dimension. The Plus 1 turns your Electron into a fully fledged micro capable of using printers, joysticks and cartridge ROMs – the software that comes on a chip. In addition, the Plus 1's analogue to digital port gives access to the outside world – while the slots for the ROM cartridges allow the Electron to take advantage of the latest, most exciting hardware developments yet to be released.

If you want to use your Electron to the full, then it's essential you get a Plus 1.

Normal price £59.90

Special price  
for readers of  
Electron User

**£39.95**

Inc. FREE game  
ROM cartridge

## EXPAND – with the Electron Workstation!

Now you can transform your Electron into a serious machine with the Electron Workstation. This package consists of a Plus 1 and the acclaimed Visi wordprocessor – a powerful spreadsheet, both on cartridge ROMs. The Workstation makes the Electron a hard-working yet inexpensive tool for home and office. From business letters to your first novel, from home economics to cash flow charts, it can make money all in its stride.

Normal price £119.80

Electron User price £69.95

## EXPAND – with the Electron Data Manager!

Bring the speed of disc and the organised memory of a powerful database to your Electron with the Electron Data Manager. It consists of the Plus 3 interface and Acorn's official disc-based Database – a disc that allows you to keep track of things quickly, reliably and efficiently. Sophisticated, accurate and fast, the Data Manager is a must for all serious Electron applications.

Normal price £249.95

Electron User price £149.95

All prices include  
VAT and carriage.

Please use the order form overleaf

## EXPAND – with the Electron Language Lab

Now you can dramatically extend your programming horizons with this exclusive offer from Electron User. It comes complete with the Plus 1 Interface and the Pascal and Logo cartridge ROMs. The Language Lab frees you from the limitations of BASIC by giving you the two most educationally favoured high level programming languages – Logo and Pascal.

**LOGO:** Acclaimed by teachers, parents and pupils alike, it's the language that's put the fun back into learning the fundamentals of programming. It's simple enough for a child to use, yet complex enough to satisfy the most exacting computer buff.

**PASCAL:** The language that's set the computer world abuzz. When you've programmed in Pascal you'll wonder why you ever used anything else. Powerful, elegant, yet easy to learn, it's a fascinating language designed to improve both programming and programs.

With these exciting languages available instantly on ROM, the Language Lab gives your Electron two new, exciting and very different personalities. It's the best package for the Electron yet. No programmer will want to be without it. And it comes to you at LESS THAN HALF the usual price!

Normal price £197.90

Electron User price £89.95
