BEEBUG

THE INFORMATIVE MAGAZINE A
SERIOUS USERS OF THE BBC M

WHAT IS BEEBUG?

BEEBUG exists for you, as a user of a BBC Model B or Master Series Computer.

When the first BBC Micro was introduced, it was quickly recognised that some form of association would be of immense value in helping users gain maximum benefit from their investment. An Independent National User Group was formed, catering exclusively for BBC Micro users and enthusiasts.

WHAT BEEBUG OFFERS YOU

1 BEEBUG MAGAZINE BEEBUG magazine is mailed out to members 10 times a year post free. The magazine is designed to help all members make the most of their BBC micro, whether model B, B+, Master or Compact, with articles and programs to suit all needs. All magazine programs are also available on disc and cassette.

2 BEEBUGSOFT SAVINGS BEEBUG produce a range of highly acclaimed professional software (Database, Spreadsheet, Computer-Aided Design to name but a few) under the name BEEBUGSOFT, and sold through many computer shops in the country. As a member you are entitled to a 25% discount on the price of all BEEBUGSOFT software, purchased directly from BEEBUG.

3 TECHNICAL SUPPORT As a BEEBUG member you will be entitled to use BEEBUG's Technical Support team in helping you with any of your computing problems.

4 BEEBUG SHOWROOM We have our own showroom in St Albans where BEEBUG members may come and talk to us personally, try out all the latest hardware and software, and seek informed and impartial advice. We offer a wide range of computer products with 5% discount on all prices for members (and mail order too).

Now, with a membership of over 20,000 (users in the home, in business, in education and in almost every sphere of activity), affiliated groups around the world, and a position as Britain's largest Independent Computer User Group, the facts speak for themselves.

5 READERS' OFFERS BEEBUG is frequently able to negotiate attractive discounts on specially selected and tested products reviewed in BEEBUG magazine. These range from reduced entrance prices to Micro User and Acorn User shows, major software such as Wordwise Plus and Spellmaster from Computer Concepts, and such hardware as expansion boards and modems.

6 COMMUNICATIONS SUPPORT BEEBUG has a substantial database on Micronet which provides up to date information, down loading of selected BEEBUG programs, and many other features, all accessible directly to you using your BBC computer and modem.

7 FREE PERSONAL ADS BEEBUG members are able to advertise, completely free of charge, in BEEBUG magazine, and sell any unwanted items of computer equipment or software to a large, interested group of like-minded users.

8 TRADE-IN SCHEME BEEBUG members are able to ensure that they have the latest equipment by taking advantage of our trade-in scheme, whereby BBC Micros may be traded in towards the cost of a new Master or Archimedes.

9 USER GROUP INDEX

If you want to get in touch with other users and enthusiasts for local advice, discussion and exchange of ideas, we regularly publish an index of affiliated user groups and this is available to you as a member.

We look forward to welcoming you as a BEEBUG member. Novice or expert, programmer or interested in word processing, keen on music or graphics, whatever your interest and level of computer experience, BEEBUG provides maximum help and support in the use of your BBC Computer.

As a member you're bound to gain and save in so many ways.

TO GET THE MOST FROM YOUR BBC COMPUTER FILL IN THE APPLICATION BELOW AND POST TODAY. A simple act – but a very sound decision.

Archimedes owners – Please ask for details of our RISC user magazine

BEEBUG

ALL ABOUT BEEBUG MAGAZINE

Currently a packed 72 pages to help you make the most of your micro, BEEBUG is written for BBC Computer users by BBC Computer users. Our editorial team have strong roots in personal computing and know just what it is like to be a

user. That is why we take so much trouble over things like program listings. Our programs are fully tested on different machine combinations and listed directly from working programs. This is just one example of our approach.

BEEBUG magazine regularly features

PROGRAMS

In every issue we provide actual working programs covering applications, utilities, techniques and more (e.g. Page Designer, Phone Book, Spreadsheets, Databases, Automatic Disc Menu, Business Graphics, Animation, Sideways RAM, Mail-merge, Windows and Icons, Help Systems etc.).

ARTICLES

Articles on all aspects of the Beeb, from elementary ideas to advanced programming techniques, from Weather Satellites to Electronic Mail, and much more besides.

REGULAR SERIES

Regular series for beginners (First Course), Workshops for more experienced users, BEEBUG Education (for teachers) – The Comms Spot (Communications), in-depth reports on the Archimedes, etc.

NEWS

The latest news culled from Acorn, BBC and other sources of interest to BBC Computer users.

POSTBAG

Regular features of members' letters, with comment and information.

FORUM

The section that keeps you up-to-date with the BEEBUGSOFT range of software.

HINTS & TIPS

A monthly selection of prize winning hints and tips sent in by BEEBUG members – an invaluable source of information

REVIEWS

Informed product reviews of hardware, software and books. Recent reviews include Real-Time Graphics, Modems, Archimedes, Word Processors, Speech Recognition, Red Box control systems and many more.

SUPPLEMENT PLUS

A regular information section providing continually updated information on Bulletin Boards, Readers Offers, Computer Shows, Members' Free Personal Ads, Competitions, Local User Groups etc., plus selected advertising.

Just one typical issue recently included 22 articles and special features, no less than 20 actual programs, 6 major reviews and many other pages of genuine help and value – all together, the kind of information, guidance and instruction that would take an age to find our by yourself.

All FREE to you, in your magazine as a BEEBUG member.
